Proposed Programmes

Sr No :-1

Name of Programme :-PG DIPLOMA IN TALLY (TALLY) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	Diploma
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	1
Name of the Department	DEPARTMENT OF COMPUTER SCIENCE
Whether this course offered earlier by the university.	null

Sr No :-2

Name of Programme :-PG DIPLOMA IN CYBER SECURITY SYSTEMS (CYBER SECURITY SYSTEMS) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	Diploma
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	1
Name of the Department	DEPARTMENT OF COMPUTER SCIENCE
Whether this course offered earlier by the university.	null

Sr No :-3

Name of Programme :-PG DIPLOMA IN DISASTER MANAGEMENT (DISASTER MANAGEMENT) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	Diploma
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	1
Name of the Department	DEPARTMENT OF COMMERCE AND BUSINESS MANAGEMENT
Whether this course offered earlier by the university.	null

Sr No :-4

Name of Programme :-PG DIPLOMA IN ENGLISH LANGUAGE TEACHING (ENGLISH LANGUAGE TEACHING) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	Diploma
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	1
Name of the Department	DEPARTMENT OF ENGLISH
Whether this course offered earlier by the university.	null

Sr No :-5

Name of Programme :-PG DIPLOMA IN PERSONALITY DEVELOPMENT AND COMMUNICATIVE ENGLISH (PERSONALITY DEVELOPMENT AND COMMUNICATIVE ENGLISH) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	Diploma
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	1
Name of the Department	DEPARTMENT OF ENGLISH
Whether this course offered earlier by the university.	null

Sr No :-6

Name of Programme :-PG DIPLOMA IN BUSINESS MANAGEMENT (BUSINESS MANAGEMENT) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	Diploma
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	1
Name of the Department	DEPARTMENT OF COMMERCE AND BUSINESS MANAGEMENT
Whether this course offered earlier by the university.	null

Sr No :-7

Name of Programme :-PG DIPLOMA IN COMPUTER APPLICATIONS (COMPUTER APPLICATIONS) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	Diploma
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	1
Name of the Department	DEPARTMENT OF COMPUTER SCIENCE
Whether this course offered earlier by the university.	null

Sr No :-8

Name of Programme :-PG DIPLOMA IN WOMEN EMPOWERMENT AND DEVELOPMENT (EMPOWERMENT AND DEVELOPMENT) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	Diploma
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	1
Name of the Department	DEPARTMENT OF SOCIAL SCIENCES
Whether this course offered earlier by the university.	null

Sr No :-9

Name of Programme :-PG DIPLOMA IN RETAIL MARKETING (RETAIL MARKETING) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	Diploma
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	1
Name of the Department	DEPARTMENT OF COMMERCE AND BUSINESS MANAGEMENT
Whether this course offered earlier by the university.	null

Sr No :-10

Name of Programme :-M.SC. ENVIRONMENTAL SCIENCES (ENVIRONMENTAL SCIENCES) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF CHEMISTRY
Whether this course offered earlier by the university.	null
Page No	14
Serial No	55
Justification	Toxic Chemicals in the Environment Toxic Effects of Pollutants, Ecosystem Response to Pollution.

Sr No :-11

Name of Programme :-PG DIPLOMA IN GUIDANCE AND COUNSELLING (GUIDANCE AND COUNSELLING) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	Diploma
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	1
Name of the Department	DEPARTMENT OF PSYCHOLOGY
Whether this course offered earlier by the university.	null

Sr No :-12

Name of Programme :-B.SC. (DATA SCIENCE) [ANY OTHER] (DATA SCIENCE) [ANY OTHER] ((DATA SCIENCE)) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	UG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	10+2
Duration (as per the Specification of Degrees, 2014)	3
Name of the Department	DEPARTMENT OF COMPUTER SCIENCE
Whether this course offered earlier by the university.	null
Page No	14
Serial No	54
Justification	To gain competence in developing programs in C & C++ for numerical analysis.

Sr No :-13

Name of Programme :-B.SC. (MATHS/STATS/COMP SCI.) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	UG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	10+2
Duration (as per the Specification of Degrees, 2014)	3
Name of the Department	DEPARTMENT OF MATHEMATICS
Whether this course offered earlier by the university.	null
Page No	14
Serial No	54
Justification	To provide in-depth knowledge and concepts in real analysis and the basic knowledge on statistics and computer science.

Sr No :-14

Name of Programme :-BACHELOR OF COMMERCE (BUSINESS ANALYTICS) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	UG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	10+2
Duration (as per the Specification of Degrees, 2014)	3
Name of the Department	DEPARTMENT OF COMMERCE
Whether this course offered earlier by the university.	null

Sr No :-15

Name of Programme :-BACHELOR OF COMMERCE (COMPUTERS) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	UG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	3
Name of the Department	DEPARTMENT OF COMMERCE
Whether this course offered earlier by the university.	null

Sr No :-16

Name of Programme :-BACHELOR OF EDUCATION (NA)	
Programme to be offered in	ODL
Year	2023-24
Level	UG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF EDUCATION
Whether this course offered earlier by the university.	null

Sr No :-17

Name of Programme :-BACHELOR OF LIBRARY & INFORMATION SCIENCE (LIBRARY AND INFORMATION SCIENCE)	
Programme to be offered in	ODL
Year	2023-24
Level	UG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	1
Name of the Department	DEPARTMENT OF LIBRARY AND INFORMATION SCIENCE
Whether this course offered earlier by the university.	null

Sr No :-18

Name of Programme :-MASTER OF LIBRARY & INFORMATION SCIENCES (LIBRARY AND INFORMATION SCIENCE)	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	1
Name of the Department	DEPARTMENT OF LIBRARY AND INFORMATION SCIENCE
Whether this course offered earlier by the university.	null

Sr No :-19

Name of Programme :-M.SC. PHYSICS (PHYSICS) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF PHYSICS
Whether this course offered earlier by the university.	null
Page No	14
Serial No	55
Justification	Have basic knowledge of inter-atomic forces, bonds, crystal systems and spatial symmetries. Be able to account for how crystalline materials are studied using diffraction, Able to perform structure determination of simple structures and able to calculate thermal and electrical properties in the free-electron mode.

Sr No :-20

Name of Programme :-M.SC. ZOOLOGY (ZOOLOGY) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF ZOOLOGY
Whether this course offered earlier by the university.	null
Page No	14
Serial No	55
Justification	Students will be able to understand animal behavior it's surrounding and their dysfunctions.

Sr No :-21

Name of Programme :-M.SC. BOTONY (BOTONY) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF BOTONY
Whether this course offered earlier by the university.	null
Page No	14
Serial No	55
Justification	To understand the germination of seed to morphogenesis for flowering and Fruiting.

Sr No :-22

Name of Programme :-M.SC. MATHEMATICS (MATHEMATICS) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF MATHEMATICS
Whether this course offered earlier by the university.	null
Page No	14
Serial No	55
Justification	To gain practical exposure in applying the tools of numerical analysis in solving complex problems.

Sr No :-23

Name of Programme :-M.SC. CHEMISTRY (CHEMISTRY) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF CHEMISTRY
Whether this course offered earlier by the university.	null
Page No	14
Serial No	55
Justification	To acquire the necessary advanced knowledge to establish protocols and efficient and viable technologies and instrumentation methods which may enable to analyze and monitor organic and inorganic compounds, materials and nonmaterial.

Sr No :-24

Name of Programme :-M.SC. PSYCHOLOGY (PSYCHOLOGY) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF PSYCHOLOGY
Whether this course offered earlier by the university.	null
Page No	14
Serial No	55
Justification	To suggest suitable counselling techniques to different types of academic vocational marital and adjust problems

Sr No :-25

Name of Programme :-MASTER OF SOCIAL WORK (NA)	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF SOCIAL WORK
Whether this course offered earlier by the university.	null

Sr No :-26

Name of Programme :-MASTERS OF ARTS (JOURNALISM & MASS COMMUNICATION)	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF JOURNALISM
Whether this course offered earlier by the university.	null

Sr No :-27

Name of Programme :-MASTERS OF ARTS (HUMAN RESOURCE MANAGEMENT)	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF PUBLIC ADMINISTRATION
Whether this course offered earlier by the university.	null

Sr No :-28

Name of Programme :-MASTERS OF ARTS (RURAL DEVELOPMENT)	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF PUBLIC ADMINISTRATION
Whether this course offered earlier by the university.	null

Sr No :-29

Name of Programme :-MASTERS OF ARTS (ANTHROPOLOGY)	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF SOCIOLOGY
Whether this course offered earlier by the university.	null

Sr No :-30

Name of Programme :-MASTERS OF ARTS (SOCIOLOGY)	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF SOCIOLOGY
Whether this course offered earlier by the university.	null

Sr No :-31

Name of Programme :-MASTERS OF ARTS (HISTORY)	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF HISTORY
Whether this course offered earlier by the university.	null

Sr No :-32

Name of Programme :-MASTER OF COMMERCE (COMMERCE)	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF COMMERCE
Whether this course offered earlier by the university.	null

Sr No :-33

Name of Programme :-MASTERS OF ARTS (PUBLIC ADMINISTRATION)	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF PUBLIC ADMINISTRATION
Whether this course offered earlier by the university.	null

Sr No :-34

Name of Programme :-MASTERS OF ARTS (POLITICAL SCIENCE)	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF POLITICAL SCIENCE
Whether this course offered earlier by the university.	null

Sr No :-35

Name of Programme :-MASTERS OF ARTS (ECONOMICS)	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF ECONOMICS
Whether this course offered earlier by the university.	null

Sr No :-36

Name of Programme :-MASTERS OF ARTS (SANSKRIT)	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF ARTS
Whether this course offered earlier by the university.	null

Sr No :-37

Name of Programme :-MASTERS OF ARTS (HINDI)	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF ARTS
Whether this course offered earlier by the university.	null

Sr No :-38

Name of Programme :-MASTERS OF ARTS (TELUGU)	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF ARTS
Whether this course offered earlier by the university.	null

Sr No :-39

Name of Programme :-MASTERS OF ARTS (ENGLISH)	
Programme to be offered in	ODL
Year	2023-24
Level	PG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	Bachelor's
Duration (as per the Specification of Degrees, 2014)	2
Name of the Department	DEPARTMENT OF ARTS
Whether this course offered earlier by the university.	null

Sr No :-40

Name of Programme :-BACHELOR OF BUSINESS ADMINISTRATION (COMPUTER APPLICATIONS)	
Programme to be offered in	ODL
Year	2023-24
Level	UG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	10+2
Duration (as per the Specification of Degrees, 2014)	3
Name of the Department	DEPARTMENT OF COMMERCE AND BUSINESS MANAGEMENT
Whether this course offered earlier by the university.	null
Justification	Kakatiya University

Sr No :-41

Name of Programme :-BACHELOR OF COMMERCE (GENERAL) [ANY OTHER]	
Programme to be offered in	ODL
Year	2023-24
Level	UG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	10+2
Duration (as per the Specification of Degrees, 2014)	3
Name of the Department	DEPARTMENT OF COMMERCE AND BUSINESS MANAGEMENT
Whether this course offered earlier by the university.	null

Sr No :-42

Name of Programme :-BACHELOR OF ARTS (COMBINATION OF 3 SUBJECTS) (GENERAL (FROM UGC LIST))	
Programme to be offered in	ODL
Year	2023-24
Level	UG
Academic Session	July Onwards
Entry Qualification (as per the Specification of Degrees, 2014)	10+2
Duration (as per the Specification of Degrees, 2014)	3
Name of the Department	DEPARTMENT OF SOCIAL SCIENCES
Whether this course offered earlier by the university.	null

Additional Information

Sr No :- 1

Name of Programme :- BACHELOR OF COMMERCE (COMPUTERS)

Year	2023-24
Academic system followed for proposed programme	Semester
Number of Credits	150
Whether Programme requires Practical or laboratory courses as a curricular requirement	Yes
Date of Approval of Statutory Authority (s) (DD-MM-YYYY) of HEI	17-03-2023
Statutory bodies approval upload	View
Whether Regulatory Authority approval is required	No
Whether Proposed programme already being offered in Conventional with same nomenclature	Yes
If Yes, number of years since being taught in conventional mode	33
No. of Batch passed	20

Sr No :- 2

		Date of Approval of PPR	17-03-2023
		Upload of PPR	View
		Upload Approval of PPR	View
		Expected outcome	Define embedded systems and cyber-physical systems (CPS) and give examples Understand the basics of CPS implementation At the end of the program, the ability will be developed among the professionals/students so that they can understand the specific requirements of the CPS and utilize it into the different sub-systems design. The program will develop capability to co-design hardware-software architecture in distributed environment. Professionals/Students will be able to model overall CPS using hybrid system and other approaches and validate the model. During the course, students will develop skills such as critical thinking and problem-solving approaches. They can utilize such skills to solve scientific problems and communicate technical ideas in a professional way. With a focused research leading to a project thesis, students should be able to understand the concepts of CPS research and should be capable enough to apply this training to newer/other fields and problems.

		Expected outcome	LEARNING OUTCOMES Enable to learn systematic position of organism and their structure and function. Assembles the fundamental arguments and computational tools that underlie the mathematics of deformation, and the explanations of developmental or evolutionary biology. Students will be able to understand animal behavior it's surrounding and their dysfunctions Understanding the role of genetic mechanisms in evolution. The knowledge required to design, execute, and analyze the results of genetic experimentation in animals and plants model systems. The ability to evaluate conclusions that are based on genetic data. Able to extrapolate knowledge to changes, differences in vertebrate morphology, which were induced by evolution and ecological changes. Apply the scientific method and quantitative techniques to describe, monitor and understand environmental system. Use interdisciplinary approaches such as ecology, economic, ethics and policy to devise solutions to environmental problems. Be proficient in ecological field methods such as wildlife survey, biodiversity assessment, mathematical modeling and monitoring of ecological systems. Students will analyze structural – functional relationship of genes and proteins from bacteria to eukaryotes using genomic methods based on evolutionary relationships. Apply fundamental principles and methods of computer science to a wide range of applications to conclude many problems in scientifically. Exhibit a knowledge base in genetics, cell and molecular biology, and anatomy and practices in cell and molecular biology. An overview of the immune system including organs, cells and receptors. Recognition of pathogens; antigen processing and presentation. Knowledge and understanding of principles of demography, biological variability and clinical trials. Appropriate pathology and pathophysiology. Identify and describe the effects of the hormones that are released by the anterior pituitary gland. Know what stimulates their production and where they are produced. Knowledge of cell structure and function understanding the metabolic processes of cells in terms of cellular organelles, membranes, and biological molecules. Know the broad phylogenetic relationship of animals phyla and some of the traits used to support our current understanding of this evolutionary relationship. Create local and global solutions to complex challenges in aquaculture and fisheries Principles of health management for aquatic species. Be able to describe the contribution functional genomics is making and its likely to make in animal biotechnology now and in the future.
		Whether Programme Project Report (PPR) prepared for the Programme and approved as per Regulation 13 and Annexure V of UGC (ODL Programmes and Online Programmes) Regulations, 2020	Yes
		Whether HEI compliance to following provision for the Programme Project Report (PPR) as per Annexure V of UGC (ODL Programmes and Online Programmes) Regulations, 2020:	
		Programme's mission & objectives	Yes
		Relevance of the program with HEI's Mission and Goals	Yes
		Nature of prospective target group of learners	Yes

20	**M.SC. PHYSICS(PHYSICS)**	Year	2023-24
		Date of Approval of PPR	17-03-2023
		Upload of PPR	View
		Upload Approval of PPR	View
		Expected outcome	LEARNING OUTCOMES Master the basic elements of complex mathematical analysis, including the integral theorems,, solve ordinary differential equations of second order that are common in the physical sciences and expand a function in terms of a Fourier series, with knowledge of the conditions for the validity of the series expansion Have a deep understanding of Newton's laws, be able to solve the Newton equations for simple configurations using various methods, and understand the foundations of chaotic motion. To know the principles of circuit analysis and design, The basic concepts and characteristics of the electronic devices like diode, transistor, FET, UJT, SCR, etc. Have basic knowledge of inter-atomic forces, bonds, crystal systems and spatial symmetries. Be able to account for how crystalline materials are studied using diffraction, Able to perform structure determination of simple structures and able to calculate thermal and electrical properties in the free-electron mode Develops concepts in classical laws of thermodynamics and their application, postulates of statistical mechanics, statistical interpretation of thermodynamics, micro canonical, canonical and grant canonical ensembles; the methods of statistical mechanics are used to develop the statistics for Bose-Einstein, Fermi- Dirac and photon gases; selected topics from low temperature physics and electrical and thermal properties of matter are discussed. Be able to discuss and interpret experiments displaying wavelike behaviour of matter, and how this motivates the need to replace classical mechanics by a wave equation of motion for matter (the Schrödinger equation). Understand the central concepts and principles of quantum mechanics: the Schrödinger equation, the wave function and its physical interpretation, stationary and non-stationary states, time evolution and expectation values. Interpret and discuss physical phenomena in light of the uncertainty relation. Grasp the concepts of spin and angular momentum, as well as their quantization- and addition rules. Explain the Zeeman affect and spin orbit coupling. Be able to define the concepts of identical particles and quantum statistics, and understand the role played by quantum statistics. Aims to provide students with knowledge of the operational principles and practical limitations of digital circuits at device and circuit level, as well as instructing them in the analysis and design of these circuits. Develop the analytical and synthesis skills needed to design digital circuits for electronic equipment intended for any modern application area. Gain the insight needed to appreciate how the design of digital circuits influences and ultimately limits the performance of computers at gate, architectural and system level. Be aware of the use of numerical methods in modern scientific computing, 2. Be familiar with finite precision computation, 3. Be familiar with numerical solutions of nonlinear equations in a single variable, 4. Be familiar with numerical interpolation and approximation of functions, 5. Be familiar with numerical integration and differentiation . To communicate knowledge of physical techniques which exploit nuclear particles, and to develop an understanding of the underlying physics. Important themes are nuclear processes and the interaction of nuclear radiation with the surroundings. To analyses production and decay reactions for fundamental particles, applying conservation principles to determine the type of reactions & the possible outcomes. To write programs to run on 8085 and 8086 microprocessor based systems. Design system using memory chips and peripheral chips for 16 bit 8086 microprocessor. Understand and devise techniques for faster execution of instructions, improve speed of operations and enhance performance of microprocessors. Distinguish between RISC and CISC processors. Materials science seems to focus more on studying materials in order to make materials with certain properties like certain structural or electrical properties. An example of active research is ferroelectrics, materials that have a spontaneous electric polarization that can be switched by applying an electric field. Analyze the performance of a baseband and pass band digital communication system in terms of error rate and spectral efficiency. Perform the time and frequency domain analysis of the signals in a digital communication system. Select the blocks in a design of digital communication system. On successful completion of the course, the student will be able to appreciate the importance of nano science, recognize the different types of nonmaterial and understand the properties of nano materials. Apply vector calculus to understand the behavior of static electric fields in standard configurations. Apply vector calculus to understand the behavior of static magnetic fields in standard configurations. Describe and analyze electromagnetic wave propagation in free-space. Describe and analyze transmission lines. Molecular Spectroscopy course provides an introduction to the knowledge of the spectroscopy methods about structure of the chemistry compounds, as well as experimental usage of chosen methods (IR, NMR, UV- VIS) during the labs Understand and apply the fundamentals of assembly level programming of microprocessors and microcontroller. Work with standard microprocessor real time interfaces including GPIO, serial ports, digital-to-analog converters and analog-to-digital converters; Troubleshoot interactions between software and hardware; Analyze abstract problems and apply a combination of hardware and software to address the problem; The module aims to introduce a wide range of current personal and mobile communication systems, describe the propagation environment and explain methods of its characterization, explain typical modulation, coding and multiplexing methods, describe the system and network aspects of typical mobile

		Expected outcome	To gain Knowledge of Biodiversity of Primitive Plants and their evolution. To Understand the Progressive evolution of Cryptogams. To identity the Angiosperms by using Gamble flora and understanding about Ethno medicinally important Plants. To apply the knowledge of Statistics and techniques in the field of Biology. To know more about Chromosomes and DNA role in the heredity and Variation. To understand about environmental Science, Pollution, etc, and evolution of organisms and Phyto geographical Zones of the world. To understand the germination of seed to morphogenesis for flowering and Fruiting. To know more about the resources of plants, how they are useful to mankind? To Understand the metabolic activities of the plant based on Environmental factors. To know more about Molecular Biology and Production of Genetically modified crops. To understand about the place of Taxonomy in the Plant science. To understand about plant and microbial interaction. It is useful for the production of rare and novel plants. To Understand about the Hotspots, endamgered Species and their Conservation To Understand the optimum utilization of Modern techniques For the development of Plant Science. To Understand about Ethno medicinally important plants of Agency area. To know and about the production of food, medicines, beverages by using microbial techniques. To understand about the algae which are industrially important?

		Date of Approval of PPR	17-03-2023
		Upload of PPR	View
		Upload Approval of PPR	View
		Expected outcome	LEARNING OUTCOMES To promote advanced knowledge and research in areas of chemistry of proprietary attention now a days, such as: the study of structural properties and chemical reactivity of inorganic materials and the so- called "new materials", the study of Coordination Chemistry in the context of biological studies. To supplement the training of the graduates in Chemistry in several essential matters, such as Organic Synthesis, both in its stereo chemical aspects and in the use of medicinal compounds, Industrial Organic Chemistry, with special emphasis on the Natural products, theoretical Organic Chemistry. To understand the structural properties and chemical reactivity of supramolecules, macromolecules and nonmaterial's with the help of analytical and physical methods. To acquire the necessary advanced knowledge to establish protocols and efficient and viable technologies and instrumentation methods which may enable to analyze and monitor organic and inorganic compounds, materials and nonmaterial's. To understanding how light interacts with matter and how it can be used to quantitatively understand chemical samples - seeing that spectroscopy is a set of tools that can put be together in different ways to understand systems and solve chemical problems - understanding basic concepts of instrumentation, data acquisition and data processing. Imparting basic knowledge about the environment and its allied problems. To develop an attitude of concern for the environment. To understand natural resources and conservation, public health, environmental monitoring and remediation, industrial environmental management. To perform accurate quantitative measurements with an understanding of the theory and use of contemporary chemical instrumentation, interpret experimental results, perform calculations on these results and draw reasonable, accurate conclusions. To synthesize, separate and characterize compounds using published reactions, protocols, standard laboratory equipment, and modern instrumentation effectively. To collect and analyze data, to apply fundamental chemical principles to gather and explain data and to design experiments or model systems to test hypotheses.

		Expected outcome	To gain a broad understanding on the internal & external factors which influence the business environment & the application of suitable strategies in modern business. To apply the approaches and techniques of various concepts while integrating business with economics in the real life situations. To develop the skills of recording financial transactions and preparation of reports for ascertaining the financial position of the various firms. To apply the knowledge of quantitative tools & techniques in the interpretation of data for managerial decision -making. To provide a broad based knowledge on organisation theory and behaviour, its approaches and techniques in an organisation. To apply the conceptual knowledge of financial management and make use of the financial resources effectively. To provide a broad based knowledge on the principles of marketing, its approaches and strategies to meet the changes in the markets. To provide a broad based knowledge on the concepts and techniques in HRM and understand its strategic measures to manage human resources effectively. To provide an in-depth knowledge on the concepts and practice of management accounting and generate required reports for managerial decisions making. To develop computer skills of recording financial transactions, preparation of annual accounts and reports using Tally. To provide in-depth knowledge on the business policy and the corporate strategy in order to meet the competitive environment. To apply the knowledge of e-business and provide necessary skills for its application in domestic and international markets. To acquire the required competencies for identifying and resolving business problems through business research methods. To develop required understanding on the conduct of international business and the related institutions and the influencing business environment.

		Date of Approval of PPR	17-03-2023
		Upload of PPR	View
		Upload Approval of PPR	View
		Expected outcome	The student understand about the Principles, Social Relations, Norms, Values, Morals Family System, Caste, Class and Social Institutions. The Students will improve the theoretical knowledge and apply these theories and approaches and its influence on the Society. Scientific Methods and statistics improve the Research skills to get the accurate results in the research field. The Learner"s will understand Industrial Growth, Industrial revolution, Scientific Management, trade Union movement, Labour problems and Industrial disputes. The student will get in depth knowledge of Rural and Urban relations, rural and Urban structure problems, communities, culture and social changes. The learners shall gain knowledge on different Thinkers and different kinds of thoughts and opinions about the Society The learners shall gain an understanding about the perspectives and concepts of Social stratification, Caste System and Social Mobility in India and also global developments The learner will have knowledge about Qualitative and Quantitative research, origin and sources of Techniques – RRA, PRA, PLA Techniques and development issues and Changes. The learners understands about Demography and population studies and also populations theories The learners shall gain the depth knowledge on the concepts and theories of science and technology and its impact on Society in day to life The Learners will improve the theoretical knowledge and thinker"s approaches and views about Society The learners shall gain knowledge about Human development Social Development, theories of development, social structures and development The learners will have knowledge about Indian Society, structural Functional perspective of different – Thinkers, varnashrons purusharthy,Reforms and Intellectual Response The learner will enhance knowledge on Women status, women Empowerment, Inequality and pre and post women movements in India The learners shall gain knowledge on the civil society and development and the initiatives of civil society the India The learners will gain knowledge about Human Ecology, Environmental Policy, Environmental Movements and Problems The learners will gain knowledge about Social Movements, types of Movement and Regional Movements in India The learners will have indepth knowledge about Tribal Society, concepts, culture, Social Institutions, Tribal economy polity and Tribal problems The learners have insights about public health concepts History, Community Health, Health Services, Health Planning and development Social Issues, Policies and development. The learners will work independently on field to understand. The status of consequences on social issues, government polices and trends in development

		Expected outcome	Learning Outcomes To provide an indepth knowledge on political philosophy concepts and theories evolved by political thinkers from the ancient to the modern times. To understand and apply the knowledge of the relation among different countries To gain knowledge on comparative political system and the influence of party system and pressure groups to understand and develop scientific political analysis . To gain in-depth knowledge on Indian constitution and develop political analysis on the excentive, legislature and judiciary To provide knowledge on the ancient and medieval political thinkers, in the recorganisation of the society through their thoughts and ideas To acquire broad based understanding on modern western political thought, concepts and theories evolved by eminent thinkers. To acquire knowledge of post cold war international politics and the Regional system . To gain Knowledge an comparative politics and make political analysis To develop understanding about government its functioning the various socio-economic problems facing in the country To acquire in-depth knowledge on Political thinking in modern times. To develop the learner an understanding on Modern Political analysis, major discussion on power and influence of democratic and non democratic system To provide an in depth knowledge on the working and polices of Telangana Government. To understand the Gandhain principles of truth and non violence, social philosophy, religious and educational thoughts. To know the relationship over political sociology and social members To acquire knowledge over the concepts and various theories evolved by Administrative thinkers To develop with the knowledge in the contempary international systems in south Asia during the cold war To have an in-depth knowledge on the evolution and growth of social movements and their influences To gain knowledge over the process of research in social sciences and report writing To provide knowledge on women empowerment, gender problems feminism and social-culture, political and legal conditions of women force. To provide the learner the knowledge of the governance in India based on the principles enshrined in the constitutional institutions.

		Expected outcome	Learning outcomes To acquire knowledge of Administration and administrative theory developed by administrative thinkers. To provide of the modern governance and develop comparative analysis with traditional governance. To understand the process of conceptualization planning, implementation, monitoring, and evaluation of public policy To provide an understanding of the Management principles and practice. To study Public Administration from ancient civilization to the present day status.. To gain knowledge on how HRM activites are involved in developing an organisation. To acquire knowledge realizing and of individual and group behaviour in an organization for accomplishing organisational goals. To provide knowledge on the process of oranisational an development at the global level and to develop approporiate strategies to meet the global challenges. To makes understood the among research in natural science, social science methodology and technique. To give awareness in administrative systems in a comparative fashion or the study of Public Administration. To give knowledge how to encourage participation and to make the governing process transparent by making all the government data and information available to the people. To understand and develop women's, leaderships, skills, and promote empowerment of women. To provide knowledge on the state administration with special reference to Telangana State. To give knowledge on the status of the tribes, government policies and programmes for tribal development. To provide the knowledge of the welfare Administration and its policies and initiatives. To know the importance initiatives in the administrative systems and strategies in RLG. To provide awareness on urban local governance, its environment and impact on thepolicies and programmes. To provide basic knowledge of the communication process and public Relation in Public Administration. To provide the importance tools and mechanism of the financial administration at central and state level in a country. To give knowledge management techniques in organization. To provide modern office management and under standing of the Role of the information technology in modern office Management. Role and significance of the NGOs in development of the society and their participation in development. To provide knowledge of Human Resource Development and its techniques in an organization. To provide knowledge of administration in Public sector organizations. To know the importance of the labour welfare policies and in administration. To give knowledge on the role of the industrial relations administration. To provide the concept and objectives of the disaster management and administrative system.

		Expected outcome	The students complete the course they realize wide ranging application of the subject After learning the course the students will be equipped with the various tools to solving few types differential equations that arise in several branches of science After the completion of the course students will be in a position to appreciate beauty and applicability of the course. On successful completion of the course students will be able to recognize algebraic structures that arise in matrix algebra, linear algebra and will be able to apply the skills learnt in understanding various such subjects. After completion this course students appreciate its interdisciplinary nature Students realize the importance of the subject in solving some problems of algebra and calculus primary and secondary data, Methods of collection, Editing of primary data, Designing a questionnaire and a schedule, Sources and editing of secondary data, Classification and tabulation of data, Measures of central tendency Uniform and Bernoulli distributions and their properties, functions and properties such as mean, median, mode, moments upto fourth order, moment generating function(m.g.f), Bi-variate data, Scattered diagram, Principle of least squares, fitting of straight line, quadratic and power curves. Concept of correlation, computation of Karl- Pearson correlation coefficient Concepts of statistical hypotheses: Null and Alternative hypothesis, Critical region, two types of error, Level of significance and Power of a test one observation per cell Expectation of various sums of squares, Statistical analysis, Importance and applications of design of experiments Functions and organization of CSO and NSSO. Agricultural Statistics, area and yield statistics Control the sequence of the program and give logical outputs. Implement strings in your C program. Store different data types in the same memory. Use functions and pointers in your C++ program. Understand tokens, expressions, and control structures. Explain arrays and strings and create programs using them. Describe and use constructors and destructors Basic data Structure: Introduction to Data Structures, Types of Data Structures, and Introduction to Algorithms, Pseudo code, and Relationship among data, data structures, and algorithms, Multimedia: Introduction, Definitions, Where to Use Multimedia- Multimedia in Business, Schools, Home, Public Places, Virtual Reality; Delivering Multimedia. Predict the output of the following Java Programs. Develop a dynamic webpage by the use of java script and Students will be able to connect a java program to a DBMS and perform insert,,, Students will be able to write a well formed / valid XML document. .DHTML. update and delete operations on DBMS table.

		Expected outcome	Financial Accounting is based on the monetary transactions of the enterprise. To acquaint the students with the basics of Commerce and Business concepts and functions, forms of Business Organization and functions of Management. To make students to learn data-driven decision making to acquire accounting knowledge of bills of exchange and other business accounting methods To understand basics of contract act, sales of goods act, IPRs and legal provisions applicable for establishment, management and winding up of companies in India. To make students to learn Essentials of data Analytics To make students to learn Principles of Insurance. To make students to learn Foundation of Digital Marketing. To make students to learn Fundamentals of Business Analytics. To make students to learn Practice of Life Insurance To make students to understand the Fundamentals of Web design and Analytics To make students to learn application of Business analytics to acquire accounting knowledge of partnership firms and joint stock companies to inculcate analytical and computational ability among the students To make students to learn data Analytics Modeling To make the student understand general policies and accounting To make students to understand the Social media marketing. To make students to understand the Business Intelligence to equip the students with the knowledge regarding Insurance Business Regulations To make students to understand the Search engine optimization and online advertising To make students to understand the Data visualization & Storytelling. To acquire conceptual and legal knowledge about Income Tax provisions relating to computation of Income from different heads with reference to an Individual Assesses. Students will learn how to start working with M S Excel right from basics to Tables, Templates and Printing of their work To inculcate analytical and computational ability among the students To make students to understand the Analytics of Forecasting & Predictive To acquire knowledge for application of economic principles and tools in business practices. To acquire conceptual and legal knowledge about Income Tax provisions To make the students acquire the knowledge of cost accounting methods. To make students to understand the Financial Planning & Performance To make students to understand the International Financial Reporting To make the students to acquire the knowledge of computer software To make students to understand the Financial Decision Making To make students to understand the International Tax & Regulation. To make students to understand the Advanced data visualization To gain knowledge of AS-19 & 21 and format accounts. To understand basics in Financial Management To introduce the basics of conducting research in social sciences.

		Outline of the Syllabus	Master of Science in Environment Science is a Post-Graduate Environmental Science course. Environmental science is an interdisciplinary academic area that incorporates physical and biological sciences to research the environment and solve environmental problems, including but not limited to Ecology, Physics, Chemistry, Biology, Soil Science, Geology, Atmospheric Science, and Geography. Environmental science takes a comprehensive, quantitative, and interdisciplinary approach to study environmental processes. A Master of Science degree in Environment Science typically lasts two academic years, however, this might vary per institute and may be part-time. The Environment Science course syllabus is broken into four semesters.	Curriculum and Pedagogy:-Yes	Percentage of SLM developed by In- House Faculty	100

		Outline of the Syllabus	Post Graduate Diploma in Computer Applications (PGDCA) is designed for graduate students who are interested in developing computer applications in different fields like banking, insurance, and accounting. PGDCA is a holistic course related to the recent developments in computer software. Professionals completing this course are trained in solving computing, networking, mathematical, hardware and software-related problems. The diploma programme enables a candidate enough to sustain themselves in the professional world and grab a well-paying job. Another major advantage of this course is the lower saturation level as compared to other professional degree courses like MTech/MCA/MBA or any other programme. So, PGDCA is indeed a smarter choice for an undergraduate candidate. Candidates completing this course can pursue a career in IT, Entertainment or Hospitality services. 		Outline of the Syllabus	Guidance and counselling is an integral part of living. It comes naturally to us to seek guidance at a crossroad in an unfamiliar place. We face many such unfamiliar crossroads in our journey through life at all ages. This is particularly so in a world that is constantly in change. We cannot take shelter in our traditional beliefs and practices in today's world. For our ways of living, working, and relating all have undergone a sea change. Add to this the pulls and pressures of a fast moving and competitive society that we live in today. The result of all these on the average individual is in confusion, helplessness, stress and coping out. Even our school-going children are not spared of such negative consequences. All these speak for the need for guidance and counselling services made available to our people to help them strengthen their coping and actualizing resources. But there are far too few such services and trained professional counselors available for our people to turn to		Percentage of SLM developed by In- House Faculty	100

		Outline of the Syllabus	First of all, we have to understand the term personality. The word itself roots in the Latin word persona, which refers to a theoretical mask worn by a performer to play their role (means to present their projects) or disguise their identity. When we go through an interview in any field, personality is the first thing noticed while facing an interview. A good personality is essential to go ahead. Personality Development teaches us how to communicate, how to present as having to show kind skills. It also focuses the personal management, grooming, health, and nutrition along with soft skills. The evaluating factors of personality are extraversion, agreeableness, neuroticism, openness to experience, and conscientiousness. It deals with the field of trade and management and covers one of the main subjects Communicative English. Communicative English refers to English which helps us to communicate effectively with people using language functions. 		Outline of the Syllabus	This course introduces cyber physical system to the students which focused on different ubiquitous applications we interact in our day to day life ranging from simple system to mission critical applications. Such ubiquitous physical systems are controlled or integrated with the software to provide crucial functionality to various applications such as railway, avionics, automobile, healthcare, industrial, power or nuclear automation. Due to complicated interaction/integration with the real time systems and critical data processing makes cyber physical systems different from the embedded systems. This course aims to expose the student to cyber physical systems and provide a walk through the fundamentals, design and validation using real world examples. 		Outline of the Syllabus	M.Sc Physics syllabus and subjects includes topics such as mathematical methods,relativity and cosmology, radiation theory, statistical mechanics, computer application in physics, astrophysics,classical mechanic, etc. MSc Physics or Master of Science in Physics is a Post-Graduate Physics course. Physics is a natural discipline that studies matter and its motion through space-time, as well as related notions like energy and force. More broadly, it is the study of nature in order to comprehend how the universe functions. The Master of Science in Physics programme typically lasts two academic years, however, this varies per institute. The Physics course requires a minimum of two years to finish. The syllabus is divided into two semesters, and it is a highly essential one that many institutes in the nation provide.		Percentage of SLM developed by In- House Faculty	100

		Outline of the Syllabus	Bachelor of Science in Mathematics, Computer Science, and Statistics is a three-year undergraduate Mathematics course. The aim of this course is to provide a wide grounding over a range of mathematics and computing science and the regulations are designed to ensure that this is achieved without too much specialization while giving students a good choice of options. Subject areas give you expertise in Mathematical Sciences. Numerical methods for problem-solving, statistical modelling and scientific computing are central. After passing the course applicants can go for further studies and for jobs as well. The Mathematics curriculum focuses on the understanding and solving of numerical problems. Candidates are taught about the science of numbers, quantity, and space through algebra, calculus, geometry, differential equations, and real analysis. Skills like reasoning, analytical thinking, and problem-solving are enhanced through this course.		Percentage of SLM developed by In- House Faculty	100

Compliance

Compliance to specific provisions of UGC (ODL Programmes and Online Programmes) Regulations, 2020

The HEI undertakes to ensure all the provisions of the regulation and few specific provisions adherence to the following:

Learner Support Centre defined under these regulations will not be the Learner Support Centre for more than two Higher Educational Institutions at a time to offer programmes in Open and Distance Learning mode:-
Yes

Learner Support Centre will not be set up under a franchisee agreement in any case. :- Yes

Academic and instructional facilities at its Learner Support Centres for Open and Distance Learning mode, and information resources for online delivery of programmes meet all the conditions of UGC (Open and Distance Learning Programmes and Online Programmes) Regulations, 2020 and guidelines issued from time to time. :-
Yes

Intake capacity under Open and Distance Learning mode for a programme under science discipline to be offered by HEI shall not be more than three times of the approved intake in conventional mode (in case of Dual Mode). :-
Yes

Learning enrolment under science discipline will commensurate with the capacity of the Learner Support Centres (for Open and Distance Learning only) to provide lab facilities to the admitted learners (for Open University). :-
Yes

Private University established under a State Act will be eligible to offer programmes under Open and Distance Learning mode through its Head Quarters. :- NA

Academic and administrative staff has appointed as per University Grants Commission (Minimum Qualifications for Appointment of Teachers and other Academic Staff in the Universities and Colleges and other Measures for the Maintenance of Standards in Higher Education) Regulation, 2018. :-
Yes

Academic Staff mentioned in application are exclusively appointed for the proposed programmes. :- Yes

Examination Centres meet all the guidelines laid under Annexure II of UGC (Open and Distance Learning Programmes and Online Programmes) Regulations, 2020.

Upload Affidavit as per the prescribed format :- View

Upload Undertaking as per the prescribed format :-View View

Submission

It is hereby declared and affirmed that the Higher Educational Institution shall adheres to all the provisions mentioned under the UGC (Open and Distance Learning Programmes and Online Programmes) Regulations, 2020 including following Annexures

- ☑ Centre for Internal Quality Assurance (CIQA) in Annexure I

- ☑ Conduct of Examination and Minimum Standards for Examination Centres in Annexure II

- ☑ Territorial Jurisdiction and Regulating Provisions for Different Types of Higher Educational Institutions in Annexure III (For ODL Programmes)

- ☑ Human Resource and Infrastructural Requirements in Annexure-IV

- ☑ Guidelines on Programme Project Report (PPR) in Annexure-V

- ☑ Quality Assurance Guidelines of Learning Material in Multiple Media and Curriculum and Pedagogy in Annexure-VI

- ☑ Guidelines on Self-Learning Material and E-Learning Material in Annexure-VII

- ☑ Learner Support Centres in Annexure-VIII

- ☑ Assessment Criteria for Offering Online Programmes through Non-SWAYAM Learning Platform as per Annexure-IX

- ☑ Grievance Redress Mechanism in Annexure-X

   Further undertakes to ensure that the HEI shall display on its website a joint declaration by authorized signatories, Registrar and Director of Centre for Internal Quality Assurance, authenticating the documents uploaded on its   website, in compliance of regulation 9 of UGC (Open and Distance Learning Programmes and Online Programmes) Regulations, 2020.

   The HEI hereby declare that the information given above and in the enclosed documents is true, correct and nothing material has been concealed therein. The Higher Educational Institution shall be solely responsible for any legal issues arising out of non-compliance of UGC (Open and Distance Learning Programmes and Online Programmes) Regulations, 2020.

   The HEI understand that in case information provided is found to be contrary to the fact, it would entail not only withdrawal of permission/recognition for such ODL courses but also for other courses offered by the institutions, on regular and conventional mode
